School Profile

Goonawarra is nestled on the southern outskirts of Sunbury adjacent to the Rolling Meadows estate. It is a vibrant community which features the school, a health centre, a neighbourhood house, a very active kindergarten, a community hall, medical centre, pharmacy and a group of specialty shops, food outlets and sporting facilities.

The school has a current enrolment of 320 students. It plays a major role within the community as the hub and meeting point for many people within the area.

A major building project totalling \$3 million was undertaken in 2011. This work consisted of the construction of six spacious classrooms and large open learning areas. The completed work has greatly enhanced the existing learning facilities available at the school.

Other facilities include well-resourced classrooms, a large gymnasium, a very attractive and child friendly library, a performing and visual arts venue and a modern computer (ICT) room. All classrooms have their own interactive whiteboard which are used extensively to enhance educational learning opportunities for students. All students in the middle and upper areas of the school have access to ipads and laptop computers.

The school has a very dedicated and committed staff – both teaching and non-teaching. We provide a wide range of stimulating, challenging and exciting curriculum content which is aimed at guiding and encouraging students to be articulate, numerate and inquisitive learners as well as lifelong seekers of knowledge.

We are fortunate to have a designated Welfare Officer and a School Chaplain. These staff members are a great assist to all members of the school community.

1. School values, philosophy and vision

Goonawarra Primary School is committed to providing a safe, secure and stimulating learning environment for all students. Students can reach their full educational potential only when they are happy, healthy and safe, and when there is a positive school culture to engage and support them in their learning. Our school acknowledges that student wellbeing and student learning outcomes are inextricably linked.

Our school is also committed to preventing and addressing bullying, including cyberbullying. Please see our Bullying Prevention Policy for more information.

Our philosophy:

Every member of the school community has a right to fully participate in an educational environment that is safe, supportive and inclusive.

Our vision:

All students are confident, curious learners who feel supported and able to meet the challenges at school and beyond.

Our values:

The core values of the school, which are encapsulated in the phrase '**Goonawarra is G.R.E.A.T!**' include being **G**enerous, **R**esponsible, **E**nthusiastic, **A**mbitious and **T**rustworthy. These values are designed to encourage students to achieve their best in all areas and to be positive, well respected and thoughtful members of our community.

A statement about the rights and responsibilities of all students and school staff is included at **Appendix 1**.

2. Guiding principles

- Goonawarra Primary School will collaboratively develop and implement a fair and respectful whole-school engagement and behaviour management approach.
- Goonawarra Primary School's curriculum will include pro-social values and behaviour to enable students to acquire knowledge and skills, value diversity and build a culture of learning, community and engagement.
- Goonawarra Primary School will promote active student participation and provide students with a sense of ownership of their environment.
- Goonawarra Primary School will support families to engage in their child's learning and build their capacity as active learners.
- Goonawarra Primary School promotes active 'student participation' as an avenue for improving student outcomes and facilitating school change.
- Goonawarra Primary School will establish social/emotional and educational support for vulnerable students and monitor and evaluate progress.
- Goonawarra Primary School will have processes in place to identify and respond to individual students who require additional assistance and support.
- Goonawarra Primary School will build strong links with the local community to gain access to an extended network of community members, professionals and educators who can provide expertise and experience that can build the capacity of our school and our teachers to respond to the needs of the students.

3. Engagement Strategies

To realise our vision, our school has in place a range of strategies to promote engagement, positive behaviour and respectful relationships for all students in the school. We recognise that some students, as a group or as individuals may need extra social, emotional or educational support to flourish at school, and so we will put in place strategies to identify these students and provide them with the support they need.

Goonawarra Primary School works collaboratively with students and parents/ carers to establish fair and respectful behaviour policies and practices, based on the school's values, expected social competencies and positive peer relationships. There are also intervention strategies in place to address inappropriate behaviours which can negatively impact on the learning environment of the self and others.

The universal (whole-school), targeted (group-specific) and individual engagement strategies used in our school are outlined in **Appendix 2**.

4. Identifying students in need of extra support

Our school will utilise the following information and tools identify students in need of extra support using the following strategies:

- Personal information gathered upon enrolment
- School Entry Health Questionnaire
- Attendance rates
- Academic performance, particularly in literacy and numeracy assessments
- Behaviour observed by classroom teachers
- Engagement with student families

5. Behavioural expectations

Shared behaviour expectations for students, parents/carers and school staff are detailed at **Appendix 3**.

6. School actions

Responding to challenging behaviour

Where a student acts in breach of the behaviour standards of our school community, we will institute a staged response, as outlined in the Department of Education and Early Childhood Development Student Engagement and Inclusion Guidance (see **Appendix 4**).

Discipline

Disciplinary measures may be used as part of a staged response to challenging behaviour in combination with other engagement and support strategies to address the range of factors that may have contributed to the student's behaviour.

Disciplinary measures that may be applied include:

- Restorative approach (eg repairing damage caused)
- Withdrawal of privileges
- Withdrawal from class activities for a specified period. Where appropriate, parents/carers will be informed of such withdrawals
- Detention
- Suspension (in-school and out of school)
- Expulsion

Discipline will be applied in a way that is proportionate to the behaviour and upholds procedural fairness.

[Corporal Punishment is prohibited in all Victorian schools. Corporal punishment must NOT be used at the School under any circumstances.](#)

Suspension and expulsion are measures of last resort and may only be applied when the grounds for suspension and expulsion set out in the Engagement and Inclusion Guidance have been met.

Suspension and expulsion can only be approved by the principal and our school will follow the processes for applying these disciplinary measures set out in the Student Engagement and Inclusion Guidance.

Information on grounds and processes for suspension and expulsion that our school will follow are available here:

<http://www.education.vic.gov.au/school/principals/participation/Pages/discipline.aspx>

7. Engaging with families

The School values parent / carer input into its operations and curriculum offerings and seeks feedback through the Parent Opinion survey, and from parent representatives on School Council. The School Council provides financial assistance and encouragement to the Parents' Association in our efforts to build a sense of community.

The school will support families to engage in their child's learning and build their capacity as active learners. It provides an environment that welcomes all parents/carers and is responsive to them as partners in learning.

The school will create successful partnerships with parents/carers and families by:

- ensuring all parents/carers are aware of the school's Student Engagement Policy
- conducting effective school-to-home and home-to-school communications
- providing volunteer opportunities to enable parents/carers and students to contribute
- involving families with homework and other curriculum-related activities
- involving families as participants in school decision-making
- coordinating resources and services from the community for families, students and the school
- involving families in Student Support Groups

Parents' responsibilities for supporting their child's attendance and engagement are outlined at **Appendix 3**. Furthermore, parents are expected to act in a respectful and constructive manner when dealing with our school. More detail on parent responsibilities and consequences for inappropriate behaviour are outlined in our Statement of Values

8. Evaluation

Data collection and analysis

Data will be collected regarding frequency and types of wellbeing issues, so as to measure the success or otherwise of school-based strategies and approaches.

Some of sources of data used are:

- the Attitudes to School Survey data
- school level report data
- parent survey data
- data from case management work with students
- data extracted from software such as CASES21 or SOCS.

Review of this policy

This policy will be reviewed annually or more often if necessary due to changes in regulations or circumstances.
